Certified End of Life Doula Training

# LEVEL-1 END OF LIFE DOULA TRAINING

**W**elcome and thank you for registering for the Level-1 Family Caregiver Training, a complimentary premium course that will teach you how to care for someone who is dying through all three phases of end-of-life. The information presented in this training is appropriate for everyone: family, caregivers, volunteers, and community members. You will learn about the three phases of end-of-life, as well as helpful interventions you can use to provide comfort and support to both the patient and their loved ones.

This workshop will empower you to embrace the concept of an advanced, loving community that cares for each other at the end of life.
